

LeisureCat ***6000 Brumby***

A powerful bundle of fun to drive
while still being a serious
fisherman's delight

The 6000 Brumby has a generous area forward for storage and sleeping, a recessed storage box in the port-side hull allows space for a toilet and plenty of room to store all of the gear required for a 4-man weekender dive trip, keeping it all in place and dry. The moulded, curved safety-glass windscreen offers more than adequate protection from any errant spray that may result from the ride as you race across a 5-6 ft wind-swept chop, while the console has room for two 12" screens plus instruments.

LeisureCat 6000 Brumby

Soft-top and Hard-top versions available

When fully loaded, with fuel and two people, the 90 Etech's on the demo LeisureCat 6000 Brumby delivered a 35 knot top speed at the desired max rpm of 5200. Rated to twin 115 hp 4 strokes.

The dash area is large enough for all the instrumentation required by the serious fisherman, as well as two of the large 12 in screens so popular today.

The helm bench seats and rear passenger seats are moulded to each side of the boat, offering huge storage under and a comfortable ride position.

General Specifications

- LOA (incl engines): 6.50 metre (21ft' 3")
- Moulded length: 5.90 m (19ft 4in)
- Beam: 2.30 m (7ft 6in)
- Draught: 0.30 m (12in)
- Wavebreaker: Full length.
- Fuel storage:
2 x 180 litres (2 x 47.5 gal/US).
- Dry hull weight: 920 kg (2034 lbs).
- Weight including engines:
1470 kg (3249 lbs).
- Aluminium trailer weight:
180 kg (1061 lbs).
- Recommended power: 2 x 70 to 115 hp.
